LITHOTHAMNE

PRODUCT SHEET

Lithothamnion is an exceptional calcareous marine algae, rich in essential minerals and trace elements, particularly calcium and magnesium. It is especially beneficial for young horses and sport horses, thanks to its effects on:

- **Bone and joint strength**
- **Acid-base balance**
- **Improved digestion and nutrient absorption**

COMPOSITION

Calcium: approximately 33%
Magnesium: approximately 2%
Other minerals: potassium, iron, zinc, iodine, etc.
100% natural, with no additives or preservatives.

CERTIFICATION & QUALITY

Calcium: approximately 33%
Magnesium: approximately 2%
Other minerals: potassium, iron, zinc, iodine, etc.
100% natural, with no additives or preservatives.

BENEFITS

- Strengthens the **bone and joint system**.
- Maintains **acid-base balance**: helps reduce acidity caused by exercise and stress.
- Optimizes **digestion**: promotes nutrient absorption and improves digestive comfort.
- Supports **muscle recovery**: helps prevent the accumulation of toxins after exercise.

DIRECTIONS FOR USE

Recommended dosage: **20 to 50 g/day**, mixed into the horse's feed.
Administration period:
All year round for horses undergoing intensive training.
As a **2- to 3-month course** to strengthen bones and improve recovery.
Combination with other supplements: May be combined with other supplements for enhanced effects.

STORAGE

Store away from moisture. **Best-before date indicated on the bucket**.

PRECAUTIONS FOR USE

Suitable for regular or occasional use. **Wear gloves** when handling the product.
Read all instructions carefully and follow them strictly.
This product is **not a medicinal product** and must not be used as such.
Formulated for horses.
