EQUIMARIS

YSOIOD

PRODUCT SHEET

YSOIOD is a **100% natural**, iodine-enriched **relaxing** poultice, exceptionally rich in silicon. It is specifically designed to **soothe swelling, windgalls, bruises, and spavins**. Thanks to its silica-rich clay, it acts deep within the tissues to **release tension**.

COMPOSITION

Filtered seawater, Bentonite clay, Kaolinite clay PH5, Lithothamnium, Vegetable glycerin, eucalyptus scent.Contains no essential oils.

BENEFITS

- Can be used after **physical exertion**, during **recovery**, or at **rest**.
- Helps soothe discomfort and **muscle soreness**.
- Supports the body's natural recovery process.
- Promotes healthy **blood circulation**.
- Supports **lymphatic circulation**.
- Provides an **astringent effect** that helps **revitalize** and **refresh** treated areas.
- Soothes sensitive areas and supports **joint comfort**.

Not recommended **for** use on **open wounds**.

DIRECTIONS FOR USE

1. **Clean** and **dry** the areas to be treated.
2. Apply the poultice based on the targeted area:

- **Leg application:** Apply a minimum thickness of **5mm**, first working against the hair grain, then smoothing downwards from top to bottom to achieve an even surface. Leave on **until completely dry**. **Rinse** thoroughly with clean water.
- **Muscle application:** Apply a minimum thickness of **8mm**, first working against the hair grain. Leave on for **3 to 4 hours** maximum, then **rinse** thoroughly, preferably with clean, warm water.
